To Whom It May Concern:

I am pleased to provide my highest recommendation for **Gradoni & Associates**. My law firm has worked with Gradoni & Associates on numerous matters, including complex civil litigation in which thorough, timely, and professional investigative work is critical. I have consistently been impressed with both the quality of their work and the professionalism of their investigators.

Gradoni & Associates understands that effective investigation requires more than simply reviewing information provided by the client. Their investigators get into the field, locate witnesses, conduct interviews, develop additional leads, and obtain affidavits and other evidence that can be used in litigation. They have repeatedly located witnesses who were difficult to find and obtained important information that materially benefited the development and prosecution of my cases.

Just as importantly, their investigators know how to work with witnesses. They are professional, courteous, persistent, and experienced. The manner in which an investigator approaches and interviews a witness can significantly affect the quality of the information obtained, and I have found Gradoni & Associates' investigators to exercise excellent judgment in the field.

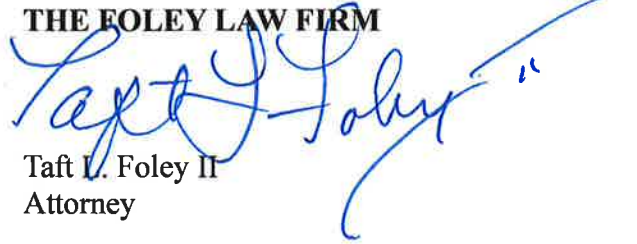

I have also been particularly impressed with their responsiveness. Litigation frequently requires investigative work on short notice, and Gradoni & Associates understands the importance of deadlines. When I ask them to locate a witness, investigate an issue, obtain an affidavit, or follow up on a lead, they act promptly and keep my office informed of their progress. Their ability to obtain useful results quickly has been extremely valuable to my practice.

Most importantly, their work has made a meaningful difference in my cases. Their investigations have helped uncover evidence, identify and locate witnesses, preserve testimony through affidavits, and develop facts that otherwise might never have been discovered. I have confidence in the work they perform and in the professionalism of the investigators representing their company in the field.

Based upon my experience working with Gradoni & Associates, I recommend the company without reservation. They are professional, diligent, responsive, and results-oriented. I would readily recommend Gradoni & Associates to any attorney, law firm, business, or individual requiring high-quality professional investigative services.

Sincerely,

THE FOLEY LAW FIRM
